

Finding Equal Groups

Name: _____

Cut out a word to show if the groups are equal or not equal.

Three dice are shown. The first die has 5 dots, the second has 6 dots, and the third has 5 dots.

Three dice are shown. The first die has 3 dots, the second has 4 dots, and the third has 3 dots.

Four groups of green triangles are shown. The first group has 2 triangles, the second has 4 triangles, the third has 4 triangles, and the fourth has 3 triangles.

Two groups of red circles are shown. The first group is a pyramid of 10 circles (1 on top, 2 in the second row, 3 in the third, 4 in the fourth). The second group has 8 circles arranged in two rows of 4.

A 2x4 grid of black dots is shown next to a die showing 6 dots.

Five 2x4 grids of black dots are shown. The first has 1 dot, the second has 2 dots, the third has 3 dots, the fourth has 4 dots, and the fifth has 5 dots.

Equal	Equal	Equal
Not Equal	Not Equal	Not Equal
